Re: Change of Subject Setting

Dear Parent/Carer,

We are writing to inform you of an important change to our school's learning approach. We have recently transitioned from a traditional banding system to a more personalised approach that focuses on individual student needs.

This new system is designed to provide students with the support and challenges they require to succeed. By grouping students based on their specific learning needs and pace, we can offer tailored instruction and ensure that everyone has the opportunity to reach their full potential.

We believe that it will ultimately benefit all our students. We are committed to providing a supportive and inclusive learning environment where every child feels valued and empowered.

If you have any questions or concerns about this transition, please do not hesitate to contact me via the school office.

Thank you for your continued support.

Yours sincerely

Diane Whitehead
Vice Principal

Principal: Mrs Gemma Earles, MA, NPQH
