Dear Parent/Carer,

Teenage booster vaccination - Catch-Up Opportunity, years 9,10 & 11

If you have not yet provided consent for your child to receive their teenage booster vaccinations (the Td/IPV vaccine, which protects against tetanus, diphtheria and polio, and the MenACWY vaccine, which protects against meningococcal groups A, C, W and Y), you can still do so and your child can be offered the vaccines at our upcoming catch-up session.

If you have already completed a consent/refusal form, please ignore this letter.

We continue to offer these vaccines to all eligible young people up to and including Year 11.

We also offer community clinics which are held after school hours and during the school holidays for your convenience.

You can provide consent via the link below.

Link: [TDIPV MenACWY Vaccination Consent Form](#)

Please ensure you enter your child's unique school code when completing the consent form.

School code: BF140429

Alternatively, you can call us on 01274 221269. Our Admin staff will take your call, and either pass on details or arrange a call back.

Support with the form: If you have trouble accessing or completing the online form, please call us using the number above. You can also watch our short video, which may answer your questions.
